

KIDS VOTING MECKLENBURG OPPORTUNITIES FOR INVOLVEMENT

School and Youth Program Representatives

Kids Voting School and Youth Program Representatives are important members of the Kids Voting team. They help to connect Kids Voting to their schools or programs, as well as manage Kids Voting efforts there. Usually, school or program leadership nominates their representatives.

Precinct Captains, Election Volunteers and Program Volunteers

Precinct Captains take on the exciting challenge of staffing and managing Kids Voting booths on Election Day. Working with the Captains, Election Volunteers work at the booths to help children cast ballots in local, state and national races. This is a great corporate citizenship, civic group, youth or individual opportunity. Individual program volunteers engage in other Kids Voting programs including Youth Civics 101.

Kids Voting Mecklenburg Board of Directors

The Kids Voting Mecklenburg Board of Directors is a group of experienced and knowledgeable professionals and civic leaders whose involvement supports and furthers Kids Voting in key areas. This includes vision and direction on strategic growth, cultivation of financial resources, connecting the organization to others in the community and actively engaging in Kids Voting's programs through the school year. This is a great opportunity for leaders who are interested in and want to make a difference in children, education, government, civic engagement and the community.

Kids Voting Partners

Kids Voting Partners are community organizations that work with children and youth and/or have an objective or interest in education, government or civic engagement. Kids Voting supports the efforts of their partners in a variety of ways including building connections, visibility and capacity.
