Kids Voting Mecklenburg

More than a mock vote, Kids Voting Mecklenburg increases K-12 civic learning opportunities through an effective combination of standards-based classroom resources and community civic experiences.

Through an efficient annual investment of about \$1 per student, Kids Voting prepares kids for a lifetime of active civic engagement, supports academic achievement and builds important 21st century skills including critical thinking, decision making and civic literacy.

Kids Voting programs are available to all public and non-public schools, youth organizations and K-12 students in the community. In 2008-09, 6,500 classrooms benefitted from Kids Voting Mecklenburg resources. 100,000 students participated in Kids Voting civic experiences.

A nonprofit (501c3) organization, Kids Voting has invested over \$1.65 million in local civic education. Kids Voting is not a United Way or ASC agency.
